Immediacy through Online Education

Brett Cohen (CS), Sylvester Halama (AE)
Brian Mitchell (ECE), Trevor Valcourt (CS)
Professors Joseph Beck and Robert Traver  PLA Vishal Rathi

Background
- Students perform poorly with lack of proper feedback
- Immediate feedback builds stronger foundations in various concepts

Goals and Objectives
- Improve Immediacy in Homework
- Provide feedback related to misunderstood concepts

Survey Reception by Question

- Better than web search
- Range of Difficulty
- Info in different ways
- Helped understand info
- Helpful Resources
- Recommend to peers
- Use again as a study tool
- Website User Friendly
- Variety of Skills

Survey Reception by Question

Survey Results
- Students preferred this tool more than searching for answers elsewhere
- The concept proved successful

Our Solution
- We ask various mathematical questions
- And provide feedback based on their answer
