COPY OF LETTER SENT BY
MORGAN CONSTRUCTION CO.
WORCESTER, MASS.

April 25, 1900.

Mr. C. W. Bildt,

My dear Sir:-

I am sure you will be interested to know that we have contracted with the Illinois Steel Company to furnish them with 22 Gas Producers, (8 ft) with Bildt Feeding Device.

This order came to us from the fact that we have had two Gas Producers with Bildt Feeding Device at work in rod mill we built for the Grand Crossing Tack Co.

The Illinois Steel Company have had one of their men there to test the working and economy of the Producer.

The R. D. Wood Company have done very little to push the Gas Producer so we have had to push them ourselves and hope to receive a good order from the Cambria Iron Company for Producers to be put in this year.

The writer expects to sail for Europe the 24th of May and to be in London the last week in June and the first week in July; to be in Paris the second week in July. I fear I cannot get to Sweden this year. Would like very much to see you this Summer and enclose my address for letters.

With best wishes,

Yours truly,

C.H.M.--N.
