SUBJECT: "The State of Small Business" Report

Dear Mr. President:

The subject report is the most comprehensive and accurate document on the small business sector of our economy that I have seen in my close relationship with this subject since 1976.

To many of us so-called "activists" in the small business movement, this report is a milestone. It represents the beginning of a new level of awareness which, updated from year to year, will make the Congress more alert to the value of small business to our economy.

In future years, this will be regarded as an important historic event.

Respectfully yours,

Duane D. Pearsall
President
