This poster represents the work of WPI first-year students submitted to the faculty as evidence of completion of a course requirement for the Great Problems Seminar (GPS). WPI routinely publishes these posters on its website without editorial or peer review. For more information about the GPS program at WPI, please see [https://www.wpi.edu/academics/undergraduate/great-problems-seminar](https://www.wpi.edu/academics/undergraduate/great-problems-seminar).
Problem
51% of children suffer from malnutrition in Sierra Leone¹

Malnutrition in Children Between 6-59 Months in Sierra Leone
- Chronic: 44%
- Acute: 37%
- Wasted: 8%
- Rest of Sierra Leone: 11%

WHY
- Livestock populations decreased due to war.
- Rice is staple food but lacks many nutrients.
- Unsustainable agriculture.
- Climate variability.

Objectives
- Enhance nutritional variety and quantity in diets.
- Create self-sustainable communities.
- Promote and support Heifer International's work.

Project Goal
To raise $1,200 to donate to Heifer International. This will allow Heifer to send 5 goats and 5 sheep to a Sierra Leone project center.

To Reach Goal
1) Create a Team Heifer Website. http://teamheifer.heifer.org/SierraLeone
2) Share website to gain support.
3) Raise awareness and ask for donations on campus.

Outcomes
- Initiated livestock development.
- Foundation for independent sustainable communities.
- Decrease in malnutrition rates.
- Raised $425.00 so far.

Heifer International
- A nonprofit organization dedicated to ending hunger and poverty.
- Provides livestock & training.
- Benefited families participate in “Pass on the Gift” program.
- Working in 40 countries.
- Helped 20.7 million families.
