OUR AIMS

One of the basic precepts and purposes of Sertoma International is to emphasize, educate and encourage our youth and to awaken our fellowmen to a full appreciation of the glorious heritage and wonderful privileges inherent in our Democracy.

On this theme THE FREEDOM PROGRAM of Sertoma International is founded and the recognition of outstanding Americans whose lives are an inspiration to all is an integral part of our International and local club program.

Activities of the Mile-Hi Sertoma Club's Freedom Committee include the annual presentation of the Declaration of Independence to eighth grade students in the Denver Public and Parochial Schools. Too, a copy of the Declaration of Independence is presented to every newly made citizen. Students in the schools are also honored for outstanding citizenship with the presentation of certificates and name plates for achieving this designation by their fellow classmates and teachers.
